STANDARD EQUIPMENT

CONSTRUCTION

Hull in sandwich vinyl ester resin
Deck in sandwich vinyl ester resin
Hull Color (RAL 9001)
Fixed middle keel GRP material

DECK FITTINGS

Anchor locker
1000 W anchor windlass
Bow 16kg anchor
6 stainless steel cleats
2 bow fairleads in stainless steel
Stern fairleads in stainless steel
Bow railing stainless steel tube
Stern platform in GRP
Storage
Corner settee
Sliding and lift-up door
Curved windshield window in safety glass
Lower front windows
Opening hatch centrally over the bow cabin
Navigation lights
Radar and navigation mast with navigation light
Horn on radar mast

ACCOMMODATION

Furniture in golden teak real wood veneer
SALON
Storage
Kerrock worktop and sink
Flexible bar to cockpit
Induction stove with two burners 230V
224 L refrigerator with a freezer
Electric oven/microwave 230V
U - shaped sofa
Salon table
Curtains
LED Ceiling lights
Dark laminate salon floor
Electric hatches on the roof

STEERING CONSOLE / NAVIGATION

Instrument panel
Engine controls and instrumentation
Sliding door to walking deck with lock, starboard
Opening hatch in guest cabin
Windshield wipers with washer
(not compatible with optional diesel heating)

OWNER'S CABIN FORWARD

2 x scissor berth (80x200cm)
A reading light (LED)
Ceiling lights (LED)
Storage
Opening hatch

GUEST CABIN TO PORT

Ceiling lights (LED)
2 x Bed 80 x 200 cm
Storage
Curtains

ENGINE, DRIVE AND STEERING

Selected engine
Electronic throttle and gearbox
Engine control panel
Gearbox with straight shaft
Hi-tensile stainless-steel shaft
Propeller
Exhaust system
12 V engine room ventilation
Engine room light
Fuel filter: a pre-filter with water separation unit
Cooling water pre-filter

2 polyethylene diesel tanks
Hydraulic steering
Electric bow thruster 4kW, with battery and joystick
Rudder at stern
Emergency tiller

PLUMBING

Water heater
Brass seacocks
Manual bilge pump
Stern shower cold and warm water
Holding tank with disposal via seacock and deck
Fresh water tanks in polyethylene
Water pressure pump 12V with gauge

ELECTRICAL SYSTEM

4 x photovoltaic panels 280W each
2x200Ah LiFePo Victron service battery (total 5.12 Kw)
Automatic inverter charger 12V/3000VA/120A
Two voltage systems: 12V and 230V 50Hz
All systems are insulated with 2 main switches
+ parallel switch
AC 230 V panel and fuses
DC 12 V panel and fuses
Shore power pick-up 16 A
Battery charge system
AC 230V sockets in galley, saloon, owner's cabin, guest cabin and in washroom
Ducted air conditioning 10.000 BTU (only 220V)
Engine start battery
Steering magnetic compass with light
Anchor light
Batteries for bowthruster/anchor windlass
Trim tabs
Greenline App control system
(Remote control system to monitor positron, tanks, batteries, solar charge etc.)
